Hamilton International Airport is the ideal gateway for business flights into Southwestern Ontario providing easy access to Toronto, Mississauga, Oakville, Burlington, Hamilton and the Niagara Region. The airport operates 24 hours a day with no slot times or curfews.

Constructed in 1997, we brought to Hamilton International Airport what it previously lacked: a modern FBO solely dedicated to servicing corporate and private aviation.

Conveniently located off taxiway "D", Jetport offers our clients the largest private ramp on the field. Our fully heated 32,000 square foot hangar can accommodate aircraft as large as a Global Express.

Come in, sit back and relax. While visiting us here at Jetport leave your requirements to our staff, we'll take care of everything. Jetport is proud to be the first NATA Safety 1st participant in Canada and the only Canadian Avnet dealer, once again showing our dedication to the safety and customer service requirements of our visiting pilots, passengers and their aircraft.

Some of the many services and amenities we offer are:

- Friendly and Experienced Customer Service Staff
- 24 Hour On-Ramp Customs Clearance
- Passenger Lounge
- Rental Cars, Limousines and Hotels
